UnitedHealthcare Connected® for One Care (Medicare-Medicaid Plan) 2024 List of Covered Drugs (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter (OTC) drugs are covered by UnitedHealthcare Connected for One Care. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by UnitedHealthcare Connected for One Care. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

Important Message About What You Pay for Vaccines - Some vaccines are considered medical benefits. Other vaccines are considered Part D drugs. Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

Our contact information, along with the date we last updated the Drug List, appears on the front and back cover pages.

A. Disclaimers

This is a list of drugs that members can get in UnitedHealthcare Connected for One Care.

- ❖ UnitedHealthcare Connected® for One Care (Medicare-Medicaid Plan) is a health plan that contracts with both Medicare and MassHealth (Medicaid) to provide benefits of both programs to enrollees.
- ❖ The *List of Covered Drugs* and/or pharmacy and provider networks may change throughout the year. We will send you a notice before we make a change that affects you.
- ❖ Benefits may change on January 1 of each year.
- ❖ You can always check UnitedHealthcare Connected for One Care's up-to-date *List of Covered Drugs* online at **UHCCommunityPlan.com**.
- ❖ We have free interpreter services to answer any questions that you may have about our health or drug plan. To get an interpreter, just call us at **1-866-633-4454**, TTY **711**, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. Someone who speaks a language other than English can help you. This is a free service.
- ❖ Contamos con servicios gratuitos de interpretación para responder cualquier pregunta que pudiera tener sobre nuestro plan de salud o de medicamentos. Para obtener un intérprete, simplemente llámenos al **1-866-633-4454**, TTY **711**, de 8 a.m. a 8 p.m.: los 7 días de la semana, de octubre a marzo; de lunes a viernes, de abril a septiembre. Una persona que habla un idioma que no sea español puede ayudarle. Este servicio es gratuito.
- ❖ 我們提供免費口譯服務，回答您對我們的健康或配藥計劃的任何問題。若您 要口譯員，請撥打 **1-866-633-4454**，聽力語言殘障服務專線 (TTY) **711**，上午 8 時至晚上 8 時：10 月至 3 月每週 7 天；4 月至 9 月週一至週五。除了中文以外，會說其他語言的人可協助您。這是一項免費服務。
- ❖ You can get this document for free in other formats, such as large print, formats that work with screen reader technology, braille, or audio. Call **1-866-633-4454**, TTY **711**, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. For purposes of future mailings, we will keep your request for alternative formats and/or special languages on file.
- ❖ You can call Member Services and ask us to make a note in our system that you would like materials in Spanish, large print, braille or audio now and in the future.
- ❖ UnitedHealthcare Insurance Company complies with applicable Federal civil rights laws, and does not discriminate on the basis of race, color, national origin, sex, age, or disability in health programs and activities.
- ❖ UnitedHealthcare Insurance Company cumple con las leyes federales de derechos civiles vigentes y no discrimina por motivos de raza, color, origen nacional, sexo, edad o discapacidad en sus actividades y programas relacionados con la salud.

If you have questions, please call UnitedHealthcare Connected for One Care at **1-866-633-4454**, TTY **711**, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. For more information, visit **UHCCommunityPlan.com**.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 15 are the drugs covered by UnitedHealthcare Connected for One Care. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- UnitedHealthcare Connected for One Care will cover all drugs on the Drug List if:
 - Your doctor or other prescriber says you need them to get better or stay healthy,
 - UnitedHealthcare Connected for One Care agrees that the drug is medically necessary for you, **and**
 - You fill the prescription at a UnitedHealthcare Connected for One Care network pharmacy.
- In some cases, you have to do something before you can get a drug (refer to question B4 below).

You can also refer to an up-to-date list of drugs that we cover on our website at **UHCCommunityPlan.com** or call Member Services at **1-866-633-4454, TTY 711**.

B2. Does the Drug List ever change?

Yes, and UnitedHealthcare Connected for One Care must follow Medicare and MassHealth rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from UnitedHealthcare Connected for One Care before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

This section is continued on the next page.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- A new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- We learn that a drug is not safe, **or**
- A drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check UnitedHealthcare Connected for One Care's up-to-date Drug List online at **UHCCommunityPlan.com**.
- You can also call Member Services to check the current Drug List at **1-866-633-4454**, TTY **711**.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10 - B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. Contact your doctor or other prescriber and ask about your other options.

This section is continued on the next page.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
- Replace a brand name drug currently on the Drug List **or**
- Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. Please refer to questions B10 – B12 for more information about exceptions.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from UnitedHealthcare Connected for One Care before you fill your prescription. UnitedHealthcare Connected for One Care may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes UnitedHealthcare Connected for One Care limits the amount of a drug you can get.
- **Step therapy:** Sometimes UnitedHealthcare Connected for One Care requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 15 - 150. You can also get more information by visiting our website at UHCCommunityPlan.com. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

This section is continued on the next page.

If you have questions, please call UnitedHealthcare Connected for One Care at **1-866-633-4454**, TTY **711**, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit UHCCommunityPlan.com.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10 - B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs on pages 15 - 150 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if UnitedHealthcare Connected for One Care changes their rules about some drugs (for example, prior authorization (PA) or approval, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section that begins on page 151. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” on pages 15 - 150. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the Drug List?

If you don't find your drug on the Drug List, call Member Services at **1-866-633-4454**, TTY **711** and ask about it. If you learn that UnitedHealthcare Connected for One Care will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10 – B12 for more information about exceptions.

B9. What if I am a new UnitedHealthcare Connected for One Care member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of UnitedHealthcare Connected for One Care. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- You are taking a drug that is not on our Drug List, **or**
- Health plan rules do not let you get the amount ordered by your prescriber, **or**
- The drug requires PA by UnitedHealthcare Connected for One Care, **or**
- You are taking a drug that is part of a step therapy restriction.

If you are taking a drug that UnitedHealthcare Connected for One Care does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug. You can find more information about getting a temporary supply of a drug in Chapter 5 of your *Member Handbook*.

This section is continued on the next page.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new UnitedHealthcare Connected for One Care member.
- This is in addition to the temporary supply during the first 90 days you are a member of UnitedHealthcare Connected for One Care.

If you are going through a change in your level of care, such as being transferred from a hospital to a long-term care facility, any time during the year, we may cover a temporary 31-day supply of the Part D drug you need. This will give you time to talk to your doctor or other prescriber about other treatment options or to try to get an exception. Please refer to questions B10 - B12 for more information about exceptions.

We will not pay for more of your drug after you get a temporary supply unless you receive authorization from UnitedHealthcare Connected for One Care.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask UnitedHealthcare Connected for One Care to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, UnitedHealthcare Connected for One Care may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone, and then fax or mail a statement. If you have questions, please call Member Services at **1-866-633-4454, TTY 711**.

This section is continued on the next page.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

UnitedHealthcare Connected for One Care covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter." UnitedHealthcare Connected for One Care covers some OTC drugs when they are written as prescriptions by your provider.

You can read the UnitedHealthcare Connected for One Care Drug List to find out what OTC drugs are covered.

B15. Does UnitedHealthcare Connected for One Care cover non-drug OTC products?

Yes. UnitedHealthcare Connected for One Care covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include Rubbing Alcohol, Urine Test Strips, and Petrolatum Ointment.

You can read the UnitedHealthcare Connected for One Care Drug List to find out what non-drug OTC products are covered.

B16. Does UnitedHealthcare Connected for One Care cover long-term supplies of prescriptions?

Yes. You can get a long-term supply (also called an "extended supply") of maintenance drugs on our plan's Drug List. Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.

- **Mail-order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies in our network may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

If you have questions, please call UnitedHealthcare Connected for One Care at **1-866-633-4454**, TTY **711**, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit **UHCCommunityPlan.com**.

B17. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B18. What is my copay?

UnitedHealthcare Connected for One Care members have no copays for prescription and OTC drugs as long as the member follows the plan's rules.

B19. What are drug tiers?

Tiers are groups of drugs on our Drug List.

Every drug on the plan's Drug List is in one of three tiers.

- Tier 1 drugs are generic drugs.
- Tier 2 drugs are brand name drugs.
- Tier 3 drugs are over-the-counter (OTC) drugs.

All tiers have no copay.

C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by UnitedHealthcare Connected for One Care. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 151. The index alphabetically lists all drugs covered by UnitedHealthcare Connected for One Care.

The first column of the table lists the name of the drug. Brand name drugs are capitalized (e.g., HUMALOG) and generic drugs are listed in lowercase italics (e.g., *simvastatin*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if UnitedHealthcare Connected for One Care has any rules for covering your drug.

Note: The asterisk (*) next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

Extra Help

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or MassHealth.
- If you or your doctor disagrees with our decision, you can appeal.
- If you ever have a question, call Member Services at **1-866-633-4454**, TTY **711**. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

Meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA – Prior authorization (approval)

For some drugs, you or your doctor or other prescriber must get approval from UnitedHealthcare Connected for One Care before you fill your prescription. UnitedHealthcare Connected for One Care may not cover the drug if you do not get approval.

This section is continued on the next page.

QL - Quantity limits

Sometimes UnitedHealthcare Connected for One Care limits the amount of a drug you can get.

ST - Step therapy

Sometimes UnitedHealthcare Connected for One Care requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

Meanings of the codes used for other special coverage rules:

B/D - Medicare Part B or Part D

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

LA - Limited access

Drugs are considered "limited access" if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

MME - Morphine milligram equivalent

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

7D - 7-day limit

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.

DL - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
Analgesics		
Analgesics		
8 hr arthritis pain relief (oral tablet extended release)*	\$0 (Tier 3)

<i>ipratropium bromide (nasal solution)</i>	\$0 (Tier 1)	
SPIRIVA HANDIHALER (INHALATION CAPSULE)	\$0 (Tier 2)	QL
SPIRIVA RESPIMAT (INHALATION AEROSOL SOLUTION)	\$0 (Tier 2)	QL
Bronchodilators, Sympathomimetic		
<i>albuterol sulfate hfa (108 (90 base)mcg/act inhalation aerosol solution) (generic proair), albuterol sulfate hfa (108 (90 base)mcg/act inhalation aerosol solution) (generic proventil)</i>	\$0 (Tier 1)	

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
albuterol sulfate (inhalation nebulization solution)	\$0 (Tier 1)	B/D, PA
albuterol sulfate (oral syrup)	\$0 (Tier 1)	
albuterol sulfate (oral tablet immediate release)	\$0 (Tier 1)	
epinephrine (injection solution auto-injector)	\$0 (Tier 1)	QL
formoterol fumarate (inhalation nebulization solution)	\$0 (Tier 1)	B/D, PA; QL
levalbuterol hcl (inhalation nebulization solution)	\$0 (Tier 1)	B/D, PA
PERFOROMIST (INHALATION NEBULIZATION SOLUTION)	\$0 (Tier 2)	B/D, PA; QL
SEREVENT DISKUS (INHALATION AEROSOL POWDER BREATH ACTIVATED)	\$0 (Tier 2)	QL
VENTOLIN HFA (INHALATION AEROSOL SOLUTION)	\$0 (Tier 2)	
Cystic Fibrosis Agents		
CAYSTON (INHALATION SOLUTION RECONSTITUTED)	\$0 (Tier 2)	PA
KALYDECO (ORAL PACKET)	\$0 (Tier 2)	PA; QL
KALYDECO (ORAL TABLET)	\$0 (Tier 2)	PA; QL
ORKAMBI (ORAL PACKET)	\$0 (Tier 2)	PA; QL
ORKAMBI (ORAL TABLET)	\$0 (Tier 2)	PA; QL
PULMOZYME (INHALATION SOLUTION)	\$0 (Tier 2)	B/D, PA; QL
TOBI PODHALER (INHALATION CAPSULE)	\$0 (Tier 2)	PA; QL
tobramycin (300mg/5ml inhalation nebulization solution)	\$0 (Tier 1)	B/D, PA; QL
Mast Cell Stabilizers		
cromolyn sodium (inhalation nebulization solution)	\$0 (Tier 1)	B/D, PA
Phosphodiesterase Inhibitors, Airways Disease		
roflumilast (oral tablet)	\$0 (Tier 1)	PA; QL
theophylline er (300mg oral tablet extended release 12 hour, 450mg oral tablet extended release 12 hour)	\$0 (Tier 1)	
theophylline er (oral tablet extended release 24 hour)	\$0 (Tier 1)	

* OTC drugs. These drugs require a written prescription by your provider in order to be covered by the plan.

You can find information on what the symbols and abbreviations in this table mean by referring to pages 13 and 14.

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>theophylline (oral solution)</i>	\$0 (Tier 1)	
Pulmonary Antihypertensives		
ADEMPAS (ORAL TABLET)	\$0 (Tier 2)	PA
<i>alyq (oral tablet)</i>	\$0 (Tier 1)	PA; QL
<i>ambrisentan (oral tablet)</i>	\$0 (Tier 1)	PA; QL
<i>bosentan (oral tablet)</i>	\$0 (Tier 1)	PA; QL
OPSUMIT (ORAL TABLET)	\$0 (Tier 2)	PA
ORENITRAM MONTH 1 (ORAL TABLET EXTENDED RELEASE THERAPY PACK)	\$0 (Tier 2)	PA; QL
ORENITRAM MONTH 2 (ORAL TABLET EXTENDED RELEASE THERAPY PACK)	\$0 (Tier 2)	PA; QL
ORENITRAM MONTH 3 (ORAL TABLET EXTENDED RELEASE THERAPY PACK)	\$0 (Tier 2)	PA; QL
ORENITRAM (ORAL TABLET EXTENDED RELEASE)	\$0 (Tier 2)	PA
<i>sildenafil citrate (20mg oral tablet) (generic revatio)</i>	\$0 (Tier 1)	PA; QL
<i>tadalafil (pah) (20mg oral tablet) (generic adcirca)</i>	\$0 (Tier 1)	PA; QL
TRACLEER (ORAL TABLET SOLUBLE)	\$0 (Tier 2)	PA; QL
VENTAVIS (INHALATION SOLUTION)	\$0 (Tier 2)	PA; QL
Pulmonary Fibrosis Agents		
OFEV (ORAL CAPSULE)	\$0 (Tier 2)	PA; QL
<i>pirfenidone (oral capsule)</i>	\$0 (Tier 1)	PA; QL
<i>pirfenidone (oral tablet)</i>	\$0 (Tier 1)	PA; QL
Respiratory Tract Agents, Other		
<i>12 hour decongestant (oral tablet extended release 12 hour)*</i>	\$0 (Tier 3)	
<i>12 hour nasal decongestant (oral tablet extended release 12 hour)*</i>	\$0 (Tier 3)
