## B. Providers

### B1. Key terms

A health care team may consist of the member, the member's family/caregiver and qualified professionals including if appropriate, the primary care provider, specialists, and other providers, as applicable, designed to effectively meet the member's needs. Your health care team will provide care management services to you after your enrollment in the plan. Your health care team will work with you to promote your ability to live independently, and the team will work to coordinate your full set of Medicare and Medicaid benefits including medical, behavioral, long-term care and social needs.

This section explains key terms in our Provider and Pharmacy Directory.

**Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

- The term **providers** also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
- Providers that are a part of our plan's network are called **network providers**.

**Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us for care they give you. When you use a network provider, you usually pay only your share of the cost for covered services.

A **Primary Care Provider** (PCP) is a health care professional, primary care clinic, a federally qualified health center or a rural health care center who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

**Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- **Oncologists** care for patients with cancer.
- **Cardiologists** care for patients with heart conditions.
- **Orthopedists** care for patients with certain bone, joint, or muscle conditions.

All female members are allowed to self-refer to certified nurse midwives (CNMs), obstetricians and gynecologists on the UnitedHealthcare Community Plan provider panel. In addition, female members are also allowed to self-refer to women's health specialists on the UnitedHealthcare Community Plan panel for routine and preventative health care services if their PCP is not a women's health specialist. For a list of women's health specialists on UnitedHealthcare Community Plan's panel please call Member Services at 1-800-895-2017 (TTY: 711), 8 a.m. - 8 p.m., local time, Monday - Friday (voicemail available 24 hours a day, 7 days a week).

**The following providers can be seen on a self-referral basis:**

- Qualified Family Planning Providers (QFPPs)
- Federally Qualified Health Centers (FQHCs)/Rural Health Clinics (RHCs).

**If you have questions**, please call UnitedHealthcare Connected® for MyCare Ohio at 1-877-542-9236, TTY 711, 8 a.m. - 8 p.m., local time, Monday - Friday (voicemail available 24 hours a day/7 days a week). If you need to speak to your care manager, please call 1-800-542-8630, 24 hours/7 days a week. These calls are free. **For more information**, visit [UHCCommunityPlan.com](http://UHCCommunityPlan.com).

You also have access to a **Care Manager** and a **Care Team** that you choose. Your PCP will work closely with your care manager and care team.

- Your care manager helps you manage all your providers and services. They work with your care team to make sure you get the care you need.
- Your **Care Team** includes your doctor, other providers, caregivers, and your care manager. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

## **B2. Wait times for primary care and behavioral health**

If you want to change your primary care provider (PCP), call Member Services. Members can change their PCP monthly. Change requests made within the first month of membership will be effective the date of the request.
