Winter 2022

United  
Healthcare®  
Community Plan

## Your opinion matters

Beginning in March, you may be asked to complete a survey by mail or phone. We want to know how happy you are with UnitedHealthcare Community Plan. If you get a survey, please respond. Your opinion helps us make the health plan better. Your answers will be private.

## Exercise ideas

### Stay active this winter

We all know exercise is important, but not everyone has the time or money to go to the gym. For a good workout at home, try these simple exercises:

- Classic exercises, such as sit-ups, push-ups, lunges, squats and climbers
- Low-impact weightlifting — if you don't have weights, use everyday objects that are comfortable for you to lift
- Yoga — all you need is a soft mat to sit and lie on

**Try an easy at-home workout.**  
Learn some simple yoga moves at [healthtalkyoga.myuhc.com](https://healthtalkyoga.myuhc.com).

healthy body**

## Is your phone use healthy?

Being too tied to your phone is a common problem for Americans. A 2021 study found that the average American home has 25 connected devices. While these devices can be useful and fun, they can also demand a lot of your time.

The use of your phone can be similar to an addiction or other compulsive behavior. It can release the same feel-good chemicals in your brain as food or drugs. Here are some behaviors to look out for:

- Waking up at night to check your phone
- Immediately checking your phone when alone or bored
- Feeling anxious or upset when you can't access your phone
- Seeing that others are concerned about your phone use
- Having it affect your job or relationships

If any of these behaviors describes you, try to reduce the amount of time spent on your phone. Turn off notifications so you aren't as tempted. Keep your phone in a separate room while it charges. When you spend less time on your phone, you can spend more quality time with your family and friends.

# Smile

## The foods you eat can be good for your teeth

Taking care of your teeth is important. Certain vitamins and minerals — like calcium, vitamin C and vitamin A — are good for your teeth. Here are some foods to incorporate into your diet to help keep your teeth strong and healthy:

- Beans
- Canned tuna
- Cheese
- Cherries
- Dark leafy greens
- Grapefruit
- Lemon
- Nuts
- Oranges
- Salmon
- Seeds
- Yogurt

In addition to eating healthy, it's important to get preventive dental care. Regular checkups with a dentist will help keep your teeth and gums healthy, which can help you look and feel better.

**Learn more.** To learn more about the dental benefits your health plan offers, call Member Services toll-free at the phone number listed in the resource corner on page 4 of this newsletter.

# Quitting time

By quitting smoking, you can feel better and improve your overall health. You can also save money for things that matter.

Quitting is not always easy, but resources are available to help. Types of support that make quitting easier include:

- Getting advice from a provider
- Talking to a counselor
- Following an action plan
- Using nicotine replacement products

Visit [myuhc.com/communityplan](https://myuhc.com/communityplan) for information on your smoking cessation benefits. You can also get support from Quit for Life® at [quitnow.net](https://quitnow.net) or **1-866-784-8454**, TTY **711**.

# Checking in

## Questions to ask at your annual wellness visit

Is it time to schedule your annual wellness visit? It's important to check in with your provider and get recommended preventive care every year.

Asking questions can help you get the most out of your visit. Here are some questions you may want to ask your provider:

- Which vaccines do I need? When should I get a flu shot? When should I get the COVID-19 vaccine?
- Which screenings or medical tests do I need?
- Does my family history raise my risk for any health problems?
- What are some steps you think I should take to stay healthy?
- How should I contact you if I have any questions after this visit?

**Time for a checkup.** Need to find a new provider? We can help. Visit [myuhc.com/communityplan](https://myuhc.com/communityplan) and search the provider directory.

# Have a healthy pregnancy

## Tips for expectant mothers

If you are pregnant, it's important to take care of yourself to keep both you and your baby healthy. Here are 4 tips for expectant mothers.

- 1. Keep all prenatal appointments with your provider.** Start seeing your provider as soon as you suspect you are pregnant and then once a month during weeks 4 to 28 of your pregnancy. Then go every 2 weeks from weeks 28 to 36. For the last month, see your provider every week.
- 2. Take prenatal vitamins.** They help your baby grow healthy and strong. Read the label and make sure your prenatal vitamin has folic acid, iron, calcium and a B vitamin in it.
- 3. Keep moving.** Exercise is always important, but it's especially so during pregnancy. It can help lower stress, strengthen muscles and reduce fatigue. Daily walks are an easy way to keep moving.
- 4. Connect with available resources to support your pregnancy.** Sign up for our Healthy First Steps® program today to start earning rewards for having a healthy pregnancy. Visit [uhhealthyfirststeps.com](http://uhhealthyfirststeps.com) to enroll after your first provider appointment. Or call **1-800-599-5985**, TTY **711**, for more information.
