Hospital Phone Number	222-222-2222
Accreditation	Accredited by: The Joint Commission (Accredited)

Accreditation shows the hospital's evaluation by experts in hospital care. An accredited hospital must participate in ongoing reviews to ensure that its operations are up to the latest standards. Please see below for the possible rankings.

The Joint Commission is one entity that accredits hospitals. The following ratings are possible:

- **Accredited:** The hospital was in compliance with all standards when surveyed or within 90 days of the survey.
- **Preliminary accreditation:** The hospital passed a brief review of its compliance with Joint Commission standards and will be surveyed more fully shortly.
- **Conditional accreditation:** The hospital complies with some, but not all, of the Joint Commission's standards, but will be surveyed more fully shortly.
- **Provisional accreditation:** The hospital was not able to address all of the requirements for improvement that the first survey suggested within 45 days, or the hospital failed to show that it has been able to sustain compliance.

Accreditation can also be granted by the American Osteopathic Association (AOA), in which case the listing will read, "Accreditation: AOA (Accredited)."
